

Entry Flow > Cold Entry Use Cases

Description

The cold entry flow captures the Participant's journey from the Eko Platform through a cold entry all the way to the end of Trivia #1. It applies to the following use cases:

- 1. Participant enters the experience from Eko Platform.
- 2. Participant enters the experience from an external link whether social media non-trivia based social media post (i.e. badge) or external ad.

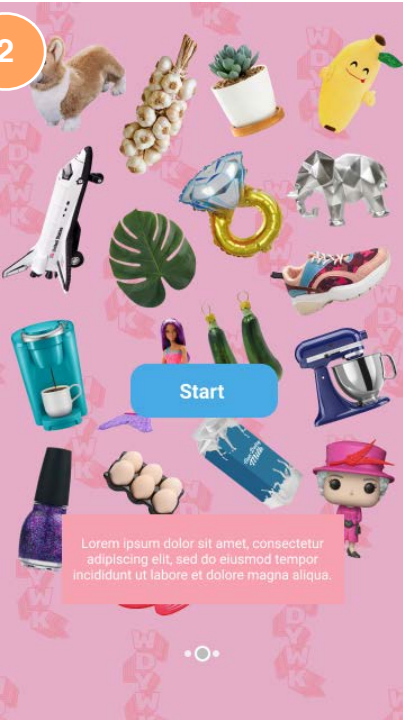

For more on the Mind Map, visit the Mind Map flow section.

For more on Trivia, PPM and Choice Points, visit the Clickhole Flow section.

Participant selects “start watching” from Eko Website.

On click of “Start,” audio turns on if off.

Louise delivers the Welcome.

Transition to the Mind Map Full View, which zooms to a quadrant.

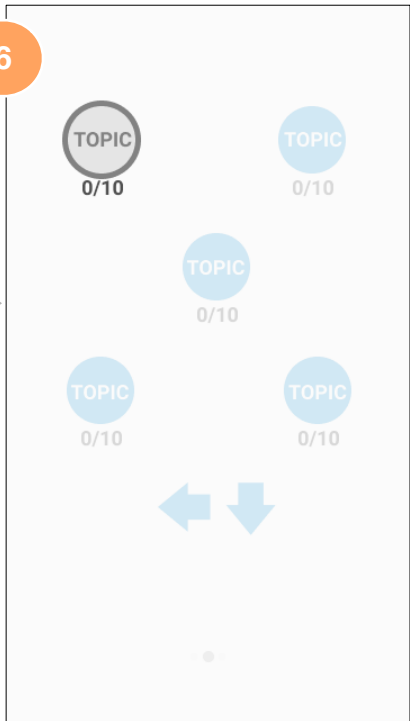

Participant navigates the Mind Map quadrants.

Continue to Step #6

They select a topic.

Continued from Step #5

Louise shares the Topic Entry/Trivia #1.

Perpetual Progress Meter (PPM) tabulates the Participant's progress.

Louise shares Trivia #1 Choice Points.
